LUKEY "TUNED" MAGNA RACE
In stock & available now !

The Lukey race muffler specifically designed to suit all Magna & Verada sedans & wagons from TR up to & including the current TJ model . This muffler will deliver excellent performance gains on all engines from the 2.4 litre 4 Cyl to the 3.5 litre V6 as well as providing a non offensive Lukey growl .

Packed with continuous roving fibre glass , constructed of 409 st /st materials & incorporating the uncompromising straight through performance of the famous Lukey race , the design . also incorporates a "Helmholtz " tuner to reduce any cabin " boom" and ensure a quality "note".

Although designed specifically for the Magna , this muffler performs equally as well on other vehicles such as Toyota Landcruiser and Nissan Patrol where its rugged construction will survive the harshest of driving conditions with the added bonus of exceptional performance gains.
